

Conklin

CONKLIN DEALER BROCHURES, 1937
KINDLY PROVIDED BY MR. FRED KRINKE

V-LINE • NEW • ATTRACTIVE PENS & PENCILS

All instruments illustrated here in actual size are available in any of the rich new colors shown at the right, and are characterized by all the famous Conklin Nozac (no sac) features — revolutionary Cushion Point that writes with advanced ease and smoothness from the moment it touches paper; dependable patented self-filler that "winds like a watch"; extra large ink capacity; visible ink chamber; leakless inner cap
The Conklin Pen Company, Toledo, Ohio.

NOZAC PENS The Conklin Nozac (no sac) Pen is distinguished by these revolutionary features: The Cushion Point gives an entirely new idea of writing ease—Patented time-tested filling device that “winds like a watch” provides positive mechanical self-filling, free from rubber sacs, diaphragms, and gadgets—Visible ink supply, with exclusive Word Gauge, shows how many words can be written without refilling—Streamline stylings with Penline or Chevron patterns establish a new conception of beauty in pens—Patented streamline clip, exclusively Conklin . . . These features make the Conklin Nozac Pen the finest, most beautiful precision writing instrument in the world today . . . The Conklin Pen Company, Toledo, Ohio.

QUICK-FILL AND SACK PENS

The Conklin Quick-fill Pen differs from the Nozac principally in its filling device. The Conklin Quick-fill has a one-stroke vacuum filler. This pen also embodies many other outstanding advantages—visible ink supply—large ink capacity—perfect balance for holding—distinctively modern Penline Stripe styling . . . Conklin Sac Pens are the standard of high quality in rubber sac pens.
